Dear Nicole:

Thank you for Request for Addional Information (RQ-2) dated April 23, 2013 regarding a possible excess contribution from the Electrical Workers Political Action Committee.

The contribution in question was incorrectly disclosed. It was inadvertently duplicated and reported twice, by reporting both the receipt date and deposit date of the same contribution.

The original report and subsequent reports have been amended to remove the duplicate contribution entry reported on 10/18/12.

We apologize for any inconvenience. Should you have any questions or require additional information, please not hesitate to contact us.
